Education

Institute for advanced Architecture of Caralonia (IAAC) Master in Robotics and Advanced Construction (MRAC)

Barcelona, Spain
July, 2025

Thesis: UN – LOG ([Project Link](#))

Master focused on robotic fabrication, computational design and advanced construction systems

Institute for advanced Architecture of Caralonia (IAAC) Postgraduate in 3D Printing Architecture (3DPA)

Barcelona, Spain
March, 2026

Thesis: NYARA HOUSE ([Project Link](#))

Postgraduate focused on advanced experimentation in additive manufacturing, material research and 3D printed architecture

Universidad del Desarrollo (UDD)

Santiago, Chile

Architect,

September, 2020

Graduated with distinction in information architecture.

Experience

LEKKER SPA Architect

Santiago, Chile
Dec, 2022 – Sep, 2024

- Developed full renovation projects (residential and commercial), from concept to technical documentation.
- Designed and coordinated kitchens, outdoor BBQ areas, custom furniture and special fabricated elements.
- Produced 3D models, drawings and construction details for execution and fabrication.
- Coordinated with suppliers, workshops and technical teams for furniture production and construction.

FELIPE ASSADI ARCHITECTS Architect (Project Architect)

Santiago, Chile
2020 – Dec, 2022

- Worked on private housing projects (mid and high-end) in different design stages.
- Developed 3D models and drawings for preliminary and basic design phases.
- Produced architectural drawings, 3D models and technical documentation.
- Coordinated internally with the architecture team for design iterations and project adjustments.

Skills

Technical / Software: Rhino (Advanced), Grasshopper (Intermediate), AutoCAD (Advanced), Revit (Intermediate), Adobe Suite (Advanced), Lumion (Advanced), Python (Beginner), Archicad (Intermediate-Advanced)

Languages: Spanish (Native) – English (B2)

Interests: [Digital fabrication](#), [3D printing](#), [ceramics](#), [photography](#)
